Prosecco Spumante, Divici £4.50

Italy, NV, 11% vol

Pale lemon colour, with creamy bubbles. This organic offering has a delicate and complex bouquet with fruity notes of peach, green apple and lemon interlaced with floral hints of acacia and rose.

Cuvée Royale Brut, Joseph Perrier Champagne £6.95

Champagne, France, NV, 12% vol

One of the great overachieving, underestimated small Champagne houses. It has a relaxed, easy-drinking style with a warm brioche weight to support its fresh apple fruit.

HEALEY'S CORNISH CYDER

A limited edition sparkling cider from across the border in Cornwall. The combination of specially selected apples aged to maturity in oak casks gives this bottled cider a unique flavour. Available in 75cl bottles only so ideal for sharing or as an alternative to a bottle of wine.

Healeys Cyder

£12.50

NON ALCOHOLIC DRINKS

At The Three Crowns we believe that soft drinks should be interesting and flavoursome so as well as some of the national brands we are pleased to offer:

Frobishers Fruit Juices

Choose from: Orange, Apple, Cranberry, Pineapple, Mango, Tomato, Grapefruit

Based in Exeter, Devon, Frobisher's produce juices using 100% fruit, lovingly pressed and bottled to retain all that natural goodness. Being additive and preservative free is a commitment they take seriously. That means you'll find no concentrates or added sugar in Frobishers, just honest, delicious fruit juice that the whole family will love.

Frobishers Fusions

Choose from: Apple & Mango, Orange & Passion fruit, Apple & Raspberry

A local, healthier alternative to J2O. You won't find any concentrates in Frobishers Fusion drinks, only juice squeezed and pressed from whole fruit. Their blend is made with absolutely no artificial colourings, preservatives or sweeteners, so you get the true taste - as nature intended.

Fever-tree tonic water, slimline tonic and lemon tonic

The Fever-Tree range was created when the then boss of Plymouth Gin couldn't find a single tonic water that enhanced the flavour of his gin. Free from artificial sweeteners the range that has been developed has put quality back into the long forgotten mixer category and has probably given rise to the huge uplift in popularity of premium spirits!

Our selection includes the new Lemon tonic designed to re-invent the old fashioned, lurid coloured bitter lemon drink, a Madagascan cola that enhances rums, bourbons and whiskeys as well as some interesting takes and flavour profiles of tonic water.

All of these mixers also drink well on their own.

Madagascan Cola

Ginger Ale

Lemon tonic

Elderflower tonic

Mediterranean tonic

Aromatic tonic

Naturally light tonic

BOTTLED CIDER

NORCOTTS CIDER

Norcotts Cider

Based near Honiton in Devon these two unusual flavoured ciders are crisp and less sweet than other fruit ciders and the Elderflower is a flavour you are unlikely to find elsewhere – delicious and refreshing!

Elderflower (4.0%)

Raspberry and Orange (4.0%)

Sandford Orchards Ciders

Based near Crediton in Devon this award winning local cider producer showcases a classic sparkling, cloudy cider along with some unusual sounding fruit flavours!

Devon Mist (4.5%) A sparkling, cloudy cider

Fanny's Bramble (4%) Cider with blackberries

Strawberry Lane (4%) Cask cider with ripe strawberries and a squeeze of lime

Luscombe

Choose from: Wild Elderflower Bubbly or Sicilian Lemonade

Based in South Devon Luscombe go to very great lengths to make drinks that will be a real pleasure to taste. From the time they take talking to growers and suppliers to the fine details of recipes. They really try to make it as it should be made - no shorthand, tricks or shortcuts, just a genuine drink with as few steps in the process as possible.

Fentimans Ginger Beer

A real ginger beer made using the finest Chinese ginger root. Fiery and full of flavour.

GIN, GIN, GIN...

Starting with our locally distilled selection...

Salcombe

A brand new gin from the sunny shores of South Down. The citrus rich recipe is inspired by the history of the Salcombe 'Fruiters' that imported citrus fruits and spices to England from the Azores, West Indies and Mediterranean in the 19th century.

Plymouth

A unique gin produced in Plymouth since 1793 in the oldest functioning gin distillery in the country and the only gin to have Protected Designation of Origin status.

Plymouth Sloe

Made by steeping the finest sloes in Plymouth Gin and soft pure Dartmoor water. The winner of several awards, try this gin topped up with delicious, sparkling Prosecco or a tangy bitter lemon.

Tarquin's Cornish Gin

A contemporary take on a classic London dry, using fragrant, handpicked Devon violets and fresh orange zest to deliver an aromatic sensation unlike any other. Runner up in the 2016 Country Life Great British Gin awards.

Tarquin's Sea Dog

Sea Dog began as a run of 771 bottles of Navy strength gin, created to mark the disbanding of the 771 Naval Air Squadron. This 57%ABV gin packs a hefty punch, with stronger juniper and cinnamon notes than the original Tarquins.

Conker Dorset Dry

Produced in Dorset's first gin distillery nestled in the back streets of Bournemouth, this gin includes homegrown Dorset notes of elderberries, samphire and handpicked New Forest gorse flowers.

6 O'clock

Born in Devon and now distilled in Gloucestershire, 6 o'Clock Gin is a London Dry style gin. With botanicals including elderflower and the herb winter savoury, it is perfect with an elderflower tonic.

Pinkster Agreeably British Gin

Launched in 2013 using hand-steeped raspberries, our only pink gin is deliciously dry with a smooth finish.

The King of Soho

A London dry gin distilled in the capital with twelve botanicals to create a unique flavour profile.

Hendrick's

Launched in 1999 and rapidly becoming the connoisseur's gin of choice. As well as using Juniper they also use Bulgarian rose and cucumber to add flavour.

Bombay Sapphire

Launched in 1987 its name recognises the popularity of Gin in India during the British Raj. The sapphire in question is the Star of Bombay and the flavouring comes from a mix of ten botanical ingredients.

Tanqueray

Launched in the 1830s and with a fiercely guarded secret recipe thought to contain only four botanicals. An easily drinkable gin – it makes a cracking G&T!

Gordon's

First produced in 1769 by Alexander Gordon, a Londoner of Scottish descent. The special London dry gin he developed was so successful that the recipe remains unchanged to this day!

... & MORE GIN!

Some you may not have heard of!

Williams Chase

Britain's first Single-Estate Gin. Juniper buds and berries are added to Chase Vodka made seed to spirit on the Herefordshire family farm. Additional infusions including cinnamon, nutmeg, ginger, almond and cardamom give this one-of-a-kind gin its distinctive flavour.

Monkey 47

This Black Forest gin contains 47 handpicked ingredients, uniting great British traditions, the exoticness of India, and the purity and nativeness of the Black Forest. Can you taste the English hawthorn, Asian all spice and Black Forest spruce shoots?

Sipsmiths

This London Dry Gin was born out of a desire to see gin production return to the city where it earned its name. The quintessential expression of a classic London Dry Gin. Bold, complex and aromatic – smooth enough for a Martini, yet rich and balanced, perfect for a G&T.

Bulldog

A complex, spicy gin, quadruple distilled gin with 12 botanicals including Dragon's Eye (a cousin of the lychee), French lavender and white poppy from Turkey.

Martin Millers

Distilled in England then taken to the remote west coast of Iceland to be blended with pure spring water drawn from basalt rocks deep underground. Cassia bark, liquorice root and nutmeg add a little spice to the usual citrus botanicals.

Whitley Neill

This gin has a very unusual African twist, with cape gooseberries and baobab fruit. The baobab fruit contains 6 times more vitamin C than an orange and the soft grapefruit-like taste adds an unmistakable burst of flavour to this vibrant spirit.

Blackwoods Vintage

This small batch distilled gin uses botanicals picked on these windswept northern isles, giving it strong floral notes. The unique strength of gin was inspired by the Shetland's position on the 60° north line of latitude. Perfect balanced with a classic tonic.

Boodles

Every batch of Boodles Gin is made with labour and patience. It begins as a clean spirit distilled from British wheat and is then infused with a number of traditional herbs and spices including nutmeg, sage, and rosemary. Boodles Gin contains no citrus botanicals - a practical decision made by distillers who expected a gin cocktail to include a slice of lemon or lime.

The Fever-Tree tonic range

To go with your gin we offer the following tonics:

Indian tonic – spring water, botanical oils and high quality quinine from the 'fever-trees' of the Congo

Naturally light – the world's first all-natural, lower calorie tonic with 58% fewer calories.

Elderflower – a summery twist to the classic G&T. The sweetness of the elderflower is perfectly balanced by the bitterness of the quinine.

Lemon – a re-invention of the classic bitter lemon drink but without all the nasty additives that gave rise to the lurid colours of the old drink. A sophisticated drink on its own and great with Sloe gin.

Aromatic – created to balance the juniper rich and stronger gins, great in a pink G&T

Mediterranean – blended with essential oils from flowers, herbs & fruits from the Mediterranean shores we think this is the best tonic to enhance our vodka range.

VODKA

Fever-Tree Mediterranean tonic with its blend of essential oils from flowers, herbs & fruits from the Mediterranean shores is the best tonic to complement our vodka range we think!

Black Cow Dorset Vodka

Black Cow Pure Milk Vodka, a super-premium vodka, the first of its kind made entirely from the milk of grass grazed cows and nothing else. Milk makes exceptionally smooth vodka with a unique creamy character. The milk is separated into curds and whey. The curds are used to make cheese; the whey is fermented into a beer using a special yeast that converts the milk sugar into alcohol. This milk beer is then distilled and treated to our secret blending process. The vodka is then triple filtered and finished, before being hand bottled.

Aval Dor Cornish Vodka

In 1904 Stafford Matthew Dustow fulfilled his lifelong ambition and bought a quaint little farm nestled in the heart of Cornwall. Over 100 years have passed and now Stafford's great, great grandsons are transforming their finest King Edward potatoes into a premium vodka spirit. Distilled in a tiny copper batch still then blended with mineral water from an aquifer deep beneath the farm, Aval Dor is a voluptuous and viscous vodka that can be enjoyed neat over cracked ice or as part of your favourite cocktail.

Chase Marmalade Vodka

Beginning life as the 'World's Best' Chase Vodka, the smooth and creamy spirit is marinated with a bespoke Seville orange fine marmalade in the Chase alembic copper pot still; Ginny. The resultant spirit is then further distilled in the world's tallest rectification column (standing at 70ft) with the vapours passing through fresh Valencian and Sevillian orange peel, creating a beautifully bittersweet and 100% natural orange experience.

Sipsmith Sipping Vodka

An unadulterated, unfiltered vodka for sipping. A testament to how they handcraft all their award-winning spirits. Distilled in copper for purity and only ever made with the very best spirit from the heart of the distillation run. This means there is no need to filter, add glycerine, fructose, or any aromatisers. No compromises; just pure unadulterated, smooth, Sipping Vodka.

Grey Goose Vodka

Grey Goose is made from the finest soft winter wheat from the Picardy region in France - the highest grade of wheat used in the finest French breads and pastries. It is distilled only once in a continuous-column distillation process to ensure the quality of the wheat remains to give Grey Goose its extraordinary flavour.

Smirnoff Red

Made using a traditional charcoal filtration method developed by P.A. Smirnoff. Recipe NO.21 was created by P.A.'s son Vladimir after escaping Russia and the Bolshevik revolution. Now reputed to be the best selling Vodka in the world!

ARMAGNAC, COGNAC AND BRANDY

Rémy Martin VSOP

Remy Martin is the benchmark for the VSOP category and is blended from spirits aged from 4 to 12 years. This latest version finishes the cognac in old barrels for a year before bottling.

Courvoisier VS

Courvoisier proudly boast their Cognac as that of Napoleon. It all started when Napoleon took hundreds of bottles of Courvoisier Cognac for his years of exile. Napoleon told Emmanuel Courvoisier that whilst he could be given the Hennessy or the Cristal, or indeed the Remy, it was the Courvoisier he really wanted.

Janneau VSOP

A blend of Armagnacs aged for at least 7 years in Montlezun oak. Janneau VSOP is packaged in a Basquaise bottle and it has a smooth, aromatic style.

Hennessy XO

The term XO was coined for this very Cognac by Maurice Hennessy in the 19th Century. This blend includes over 100 eaux-de-vie. **£12.00/25ml measure**

RUM

Fever-Tree Madagascan cola, with its rich blend of kola nut, exotic spices, citrus and vanilla has been carefully crafted and enhances the complex flavours of the fine rums on our list.

Kraken

The Kraken Black Spiced Rum is the first imported black spiced rum from the Caribbean, blended with 14 secret spices. The Kraken Rum is distilled at the Fernandes distillery in Trinidad and aged for between two to three years in ex-American whiskey barrels. Named after a sea beast of myth and legend, The Kraken is strong, rich, black and smooth. While the smooth taste of The Kraken lends itself to be enjoyed as a sipping rum, it can also be enjoyed as a key ingredient in cocktails.

Bacardi

The first white rum in the world, founded in Cuba the traditional Bacardi bat logo was inspired by the fruit bats that lived in the rafters of the original distillery.

Bacardi Oakheart

A spiced rum-based spirit and is so-called because some of the rums are matured in ex-bourbon oak casks.

Captain Morgan® The Original Rum

A rum that embodies the spirit of those backstreet tavern parties – with a rich and full-bodied taste perfect for the modern day buccaners who seek real, authentic fun with their crew!

Captain Morgan® Original Spiced Gold

A secret recipe of adventurous spice & natural flavours that are expertly blended with fine Caribbean rum, aged in charred white oak barrels to create a taste and colour as rich as a pocketful of gold doubloons! For a smooth and refreshing tasting drink, Captain Morgan Original Spiced Gold is best served over ice, with cola and a slice of lime.

PORT

Taylor's LBV Reserve

Produced from rich fruity wines from single harvest, Late Bottled Vintage was developed as an alternative to Vintage Port.

Taylor's Chip Dry White Port

White Port is lighter and more refreshing than its ruby counterparts. Best served over ice with a Fever-tree tonic water and a citrus slice.

MALTS

Nearly all of the taste of malts comes from its contact with oak casks. Though every malt has its peak maturation point, the general rule is: younger malts have more distillery character; older malts more cask influence.

Glenmorangie 10 year old Northern Highlands

Maturing for 10 years in a range of ex-bourbon casks such as the famous slow grown and air-dried 'designer casks' from Missouri. A mature spirit that is soft, mellow and creamy.

Monkey Shoulder Triple malt Speyside

The term monkey shoulder harks back to their whiskey making heritage, it's a reference to a condition the maltmen sometimes picked up while working long shifts.

Talisker 10 year old Skye

A powerful peat and sea-salt nose, smoky sweetness with malt flavours and developing warmth with a huge peppery finish, as with other members of the family.

Cragganmore 12 year old Speyside

Cragganmore is, for many, the home of the definitive Speyside malt. Hugely complex, rich with layers of flavour and a whiff of smoke in the finish.

Laphroaig 10 year old Islay – South Shore

In making Laphroaig, malted barley is dried over a peat fire. The smoke from this peat, found only on Islay, gives Laphroaig its particularly rich flavour.

Dalwhinnie 15 year old Speyside

Dalwhinnie 15 year old is a Highland malt whisky but some have argued that it should be called Speyside malt because the water source is a tributary of the river Spey, the great whisky river.

Glenlivet 12 year old Speyside

Known as 'the single malt that started it all' - The Glenlivet, with its light, subtle bouquet and a mellow, rounded flavour is a single malt whisky of great elegance.

Highland Park 12 year old Orkney

The entry level bottling from Scotland's most northerly distillery, Highland Park, aged for 12 years with plenty of citrus and green notes.

Glenfiddich 12 year old

Carefully matured in the finest American bourbon and Spanish sherry oak casks for at least 12 years. Married and mellowed in oak marrying tuns for complete harmony of aroma and flavour.

Glenkinchie 12 year old

Glenkinchie is a classic lowland distillery. The local Lammermuir Hills provide the water for the distillery, producing the light, fruity, dry Edinburgh Malt.

Lagavulin 16 year old

Lagavulin embodies the flavours of the island on which it sits with its rich fruit & smooth smoky flavours complimented by a good dose of Islay peat & crisp sea salt.

Oban 14 year old

Oban 14yo is a superb, full-blooded fruity malt with a whiff of heather and more than a hint of smoke.

Balvenie 21 year old Portwood

An additional period of maturation in 30 year-old port pipes has given this aged Balvenie an extra level of depth and concentration of flavour; adding potent fruit and smoke notes to the silky-smooth full-bodied palate. Rich, indulgent, after-dinner Speyside at its best.
