FUN WINE FACTS

- A "cork tease" is someone who always talks about opening a bottle of wine, but never does!
- Apparently, only the Book of Jonah from the Old Testament has no reference to the vine or wine.
- Early Roman women were not allowed to drink wine. Any husband who found his wife consuming alcohol was free to kill her. Divorce on these grounds was last recorded in Rome in 194 B.C.
- Did you know that there are people who are afraid of wine? They are called Oenophobics.
- One standard glass of red or white wine is about 110 calories. Sweeter wines, of course, will have more sugar and thus, a higher calorie content.
- There really is a proper way to hold your wine glass! Always hold a glass by its stem. This will avoid your body heat raising the temperature of your wine, and eliminating the possibility of ruining that lovely liquid!
